Mr. Johnson has dementia and high blood pressure. He usually walks around his apartment complex. Johnson was last seen on 4/15/19 at about 1630 hours when he told his wife he was going for a walk. After about an hour Mrs. Johnson noticed he had not returned. She then called the police after she checked the area herself. Johnson has walked away on multiple occasions and was found later. Witnesses saw a person matching his description walking south bound in the 5400 block of S University Parks Drive at about 1650. Mr. Johnson lived in the SE Houston area for over 40 years, moving back to his hometown of Waco just a few years ago. He could attempt to return to that area.
